Play with the Fonts

A very principal and something normal to do with your essay to make it look a piece greater is to control the text style.

1. Pick a to some degree greater text based style to write your essay. In case you haven't given a specific text aspect by the teacher, utilize literary styles that are to some degree greater and if given, utilize text based styles like that yet a piece immense.

2. Change your text aspect. In case your teacher has given the text aspect 12 pt. have a go at updating it to 12.1 to 12.3. It will make your essay look longer. Nonetheless, guarantee you don't outperform and clarify what you are endeavoring to do.
3. Increase the size of periods and commas in the text. Select all of the periods and commas and override the size of 12 pt. to 14 pt.

Control Spacing and Margins

Playing with isolating and edges can change the length of your essay.

1. Increase the isolating inside your text. Go to "Association", then, click on "Segment". As of now pick "Line Spacing" and a while later go to "Various" and adjust.
2. Increase the right and the base edge by a quarter. This will in like manner make your essay look longer.
3. Extending the isolating between the characters.

Changing the Header and Footer

1. Increase your header by putting your name, date, course title, and the name of your teacher. Add extra information to make it lengthier and use twofold space header.
2. Place the point and title of your essay in an alternate line following the header. Give a line to make it consume more space.
3. Add a footer by the page number on each page.

Expand your Content

1. Instead of writing numbers, enlighten numbers that are under 10.
2. Have a go at using withdrawals more. For example, instead of writing "it's" write "it is".
3. Use least pronouns. For example, as opposed to writing "They" write the names like "X, Y, and Z".
4. Add references and articulations to help the material in your essay.
5. Give each segment a subject and shutting sentence.
6. Be illustrative and portray everything thoroughly.
7. Elaborate your conclusion. Shutting your work in one section isn't needed.
