### Tactic # 1

#### Consider viewpoint to inflame attention

Stir up the audience's interest by using a definite viewpoint. Sometimes, readers find it tough to imagine themselves in multiple places at once while reading. They are keenly interested to see the exact positioning of their thoughts. So, include their point of view using definite viewpoints to craft an interesting narrative piece.

### Tactic # 2

#### Use dashes or Ellipsis

Make sure to use an aside method by adding some dashes i.e. (- -) or ellipsis like (...) rather than parentheses. This approach helps to poke fun in the text in terms of exaggeration, asking a rhetorical question, incorporating a tongue-in-cheek remark, or even making a hilarious statement. ### Tactic # 3

## **Enhance the sound Pattern**

Another way to comfort your audience is to use an alliteration method which is a chain of words starting with an identical sound. You are not supposed to begin the words with a similar letter rather they should have a similar sound. For instance, hurry and worry are alliterative. It provides a lyrical sound to your narrative writing making it humorous for the reader.

### **Tactic # 4**

#### **Choose word tweaks**

Moreover, you could also add a spice of humor by using specific words. While writing draft mode, it is absolutely fine to opt for unimaginative words. But, at the time of refining your essay, make sure to replace those weak words with more precise ones. You can also take help from online essay writers such as "[do my essay](#)'
